

Polyform® Mussel Farm Buoy

Proudly made by
The Originator of
Modern Plastic Buoys

POLYFORM® OF NORWAY

The SBH buoys are rotomolded from polyethylene (PE) and specially developed and designed for mussel farming. This due to features like the ability to withstand tear and wear and, very importantly, featuring the highest breaking load for the ropehold. Environmentally correct GRAY colored, cylindrical in shape and with a sleek surface that makes these buoys also ideal for locations exposed to ice.

Polyform AS

Polyform AS is a world leading manufacturer of buoys fenders and floats, and the originator of the modern inflatable plastic buoy. The company is registered in Norway and situated in Ålesund at the north-western coast of Norway, and benefits from being located in one of the world's most innovative maritime environments.

The product range of Polyform AS consists of:

- Inflatable buoys and fenders made from soft Vinyl plastics.
- Purse Seine Floats, buoys and marina fenders made from BACELL closed cell foam.
- Hard-shell buoys and pontoon floats made from PE and filled with foam

Product information

Article number	SBH120
Diameter	500 mm
Height (max)	905 mm
Weight (nominal)	6 Kg
Eye diameter for ropehold	50 mm
Valve type	V40
Gross volume	120 L
Recommended max load	70 Kg

Technical information

Breaking load for rope hold	2500 Kp
Buoy body material description	
Material	LLPE
Hardness, shore D	57
Tensile strength	17,5 MPa
Ultimate Elongation	650%
Recommended min temp.	-25°C
Recommended max temp.	40°C
Temp. not to be exceeded	50°C
Specific gravity	0,94

V-40 all plastic valve

For all measurements, weights and other technical data specified in this data sheet, please allow for a deviation of not less than +/-5%. The illustration may deviate from the actual product.
